Student Research Bursaries

This bursary will support students who need to acquire research materials in support of their dissertation. Those materials can be:

- Books and printed resources not in the UTL system (including PIMS) and essential to the student's research;
- Digital copies of archival or manuscript material
- Special software needed for research (limited licenses as well as purchases)

Purchases of computer hardware will not be covered. Students may only apply for research funding once during their program.
